

## Best Wishes for the Holidays and the New Year!

Goats working hard  
on eating weeds,  
Patty at her 17th  
birthday party, Talia  
and Melissa at the  
same party, Eben in  
Rome, Eben's  
electric bike, and  
Talia & her aunt  
Lisa. (clockwise).

## Season's Greetings!

Welcome to our holiday card, 2008 edition. The past year was busy, with construction on our house to add a ground floor bedroom to reduce the load on Sheri's knees, and trips for business and pleasure including Colorado, Wisconsin, Boston, Korea, Italy, and Canada. For emergency preparedness, Eben & Sheri got their ham radio licences, and Patty & Eben have been taking emergency response classes.

Talia is now 6, and is in first grade. She continues to study French, which is tied as her favorite subject with Math.

Patty is 17, a senior, and planning to study nursing in college college next year.

Melissa, 20, started at the Academy of Art in San Francisco to work on a degree in Fashion Journalism.

Sheri continues to work on a variety of fronts toward making hearing-related treatments more available both locally and across the country.

Eben continues at IBM, most recently working with colleagues on a book gathering the results of 5 years of studies on the people who manage and maintain complex computer systems. Watch for in it late 2009 wherever academic tomes are sold. In his spare time, he converted an old bike to have an electric-assist motor. Getting 25 miles to work at 20mph requires only 7 cents of electricity! 17450 Stevens Canyon Road, Cupertino, CA 95014 (408) 867-1876 eben@haber.net sheribyrne@hotmail.com K6EBN (eben), K6SBH (sheri)

## Happy Holidays!

From Eben, Sheri, Melissa  
Patty, and Talia
